### President's Letter

Brothers

**Dues, Dues, Dues**, for anyone who has not already paid their 2010 dues, they are now late, our dues pay our County, State and National per capita fee, support the club and our charity work. We must pay our per capita fee for each member regardless if we collect dues or not. So if you're late, please pay up, if your not sure if or what you owe please contact me and I'll let you know

On June 27<sup>th</sup> the Division 61 Golf Outing will be held at John F. Byrne Golf Club on the cost is \$80, so if you're a pro or a hacker just starting, the 27<sup>th</sup> promises to be a great day. A flyer and sign up sheet is attached with more information.

Again this year we'll host our charity Wiffle ball tournament on Sunday August 8th. Last year's tournament was a great time and this year promises to be even better, a sign up sheet with more information is attached.

Hopefully, we will see each other at the next meeting on June 4<sup>th</sup> as always; I may be reached at 215-920-0910 or [jgill@septa.org](mailto:jgill@septa.org) with any questions or concerns.

### Tir Na Nog

The 13th annual camping trip was held from May 21st-23rd at Robin Hill Campground in Lenhardtsville PA. We had well over 75 campers attending the weekend festivities and were able to raise around \$400 for the Tir Na Nog' Division. The children will use this money for their meetings and will also donate some to charity. In May the Tir Na Nog' division was able to partner with the men's division to sponsor a pin in the Mary Kate's Legacy Foundation Golf Outing.

What happens at camp stays at camp, but Chuck Payne was able to report that Marty Prendergast and Tom Howard took top honors in the Fourth Annual Tir Na Nog' Horse-shoe Tournament.

The next meeting will be held on Sunday June 6th at 3pm. Please be sure to mark this new date on your calendar.

### Golf Outing

**AOH Div. 61 8<sup>th</sup> Annual Golf Outing will be held on Sunday, June 27<sup>th</sup>, 2010 at John F. Byrne Golf Club. ## Fans for Beer

It's that time of year again, it's getting hot. Many people don't have the benefit of air conditioning, that's why we're collection fans and extension cords. Anyone who donates a new floor or table fan, will receive the beer of their choice.

All fans will be donated to St. Francis Inn

## Top 10 Most Surprising Irish Inventions

### 1. Guinness

Well maybe this isn't so surprising but its popularity and longevity have made it Ireland's most successful and recognizable export. Undoubtedly the most famous Irish export throughout the world. . Arthur Guinness began brewing Guinness in Leixlip, Co. Kildare before transferring to St. Jame's Gate Brewery. In 1759 he signed a 9,000 year lease at £45 per year. That's how confident he was in his product. Now, 251 years on, the best selling alcoholic drink of all time boasts of sales exceeding \$2.6 billion.

### 2. Color photography

Certainly one of Ireland's most prolific inventors, John Joly was responsible for melometer for measuring the melting points of minerals, the steam calorimeter for measuring specific heats, and the photometer for measuring light intensity and use of radiation for cancer treatment. In 1894 this Irish genius from Hollywood, Co. Of-faly found a successful way of producing color photographs from a single plate.

### 3. Trans-Atlantic calls

It was an Irishman who was knighted for his work in establishing the Atlantic Telegraph Cable in 1865. Lord Kelvin Thomson helped to lay the cable which stretched from Newfoundland to Valentia in Co. Cork. He also had a very keen interest in the measurement of temperature and thermodynamics which led to the scale of temperature, "The Kelvin Scale".

### 4. A cure for Leprosy

It was an Irish man who accidentally discovered a cure for leprosy while he was looking for answer to Ireland's tuberculosis problem. What a lucky mistake. Vincent Barry made this accidental and miraculous discovery, with the catchy title of compound B663. This compound would go on to cure 15 million people of this devastating disease.

### 5. The modern tractor

"The Mad Mechanic", Harry Ferguson was responsible for the original Ferguson System of tractor. It was patented by the mad inventor in 1926 and is the same basic design for a modern tractor today. This Co. Down loony also invented his own motorcycle, race car and plane and in 1909 he was the 1st Irishman to fly. He even built himself the first ever 4-wheeled Formula-One car.

### 6. The submarine

As it happens back in 1881, in Co. Clare, John Philip Holland was the first person to successfully launch a submarine. The first of its kind, it was called the "Fenian Ram". By 1900 the U.S. Navy was formally commissioning the production.

### 7. The tank

From Blackrock, Dublin in 1911, came the world's first armored tank. When, the Home Secretary in Britain, Winston Churchill commissioned the design of a vehicle "capable of resisting bullets and shrapnel, crossing trenches, flattening barbed wire, and negotiating the mud of no-man's land" this is what our Dublin boy created.

### 8. Guided missile

It's strange that such a peace loving people seem to have had a good head for army equipment. From Castlebar, Co. Mayo, Louis Brennan invented the guided missile. This stealth torpedo was used as a costal defensive mechanism.

### 9. Ejector seat

It is rather worrying that it was Irishmen who came up with the 1st functioning helicopter (Louis Brennan) and also the 1st ejector seat. In 1946 Bernard Lynch became the 1st live tester of the Co. Down man's invention. It was soon adopted by the Royal Air force as a standard safety device.

### 10. Apparatus for whiskey distilling

A Dublin chap with a very exotic name, Aeneas Coffey, came up with the world 1st heat-exchange device in 1830. This might not sound like that big a deal but this very efficient little piece of equipment led to huge advances in distilling, including whiskey.

**Congratulations to AOH Division 61 soccer team. They won the Abierto Division Regular Season Title with a record of 8-1. They are now on to the playoffs. Good Luck!**
